- All documentation related to prerequisites for this course resides at the department and will be provided to the OFC if requested for audit purposes.
- The student-learner registering for training is capable of performing all the physical and mental duties expected of a firefighter in this department.
- The student-learner will abide by Ontario Fire College policies, such as the Workplace Harassment and Discrimination Policy, and other legal requirements such as the Ontario Liquor Licensing Act.
- For student-learners attending training courses that require breathing apparatus the Fire Chief or designate attests that the applicant has been fit tested within the last year as per the CSA Standard Z94. All student-learners attending OFC courses requiring SCBA are required to bring their own SCBA and 2 cylinders (60 min. cylinders for HazMat courses). The OFC will still maintain SCBA for student-learner use, in order to address the exceptional needs of students, especially those from very small departments that have no back up capacity. Also, SCBA will be made available to any student-learners traveling by air to a course. Please indicate SCBA status below:**
